

What does the Finnish school do for the people happynes?

Great disadvantage, deep  
poverty shaped community  
norms

Two pictors – two feeling of life  
/Both of them from Atheneum/

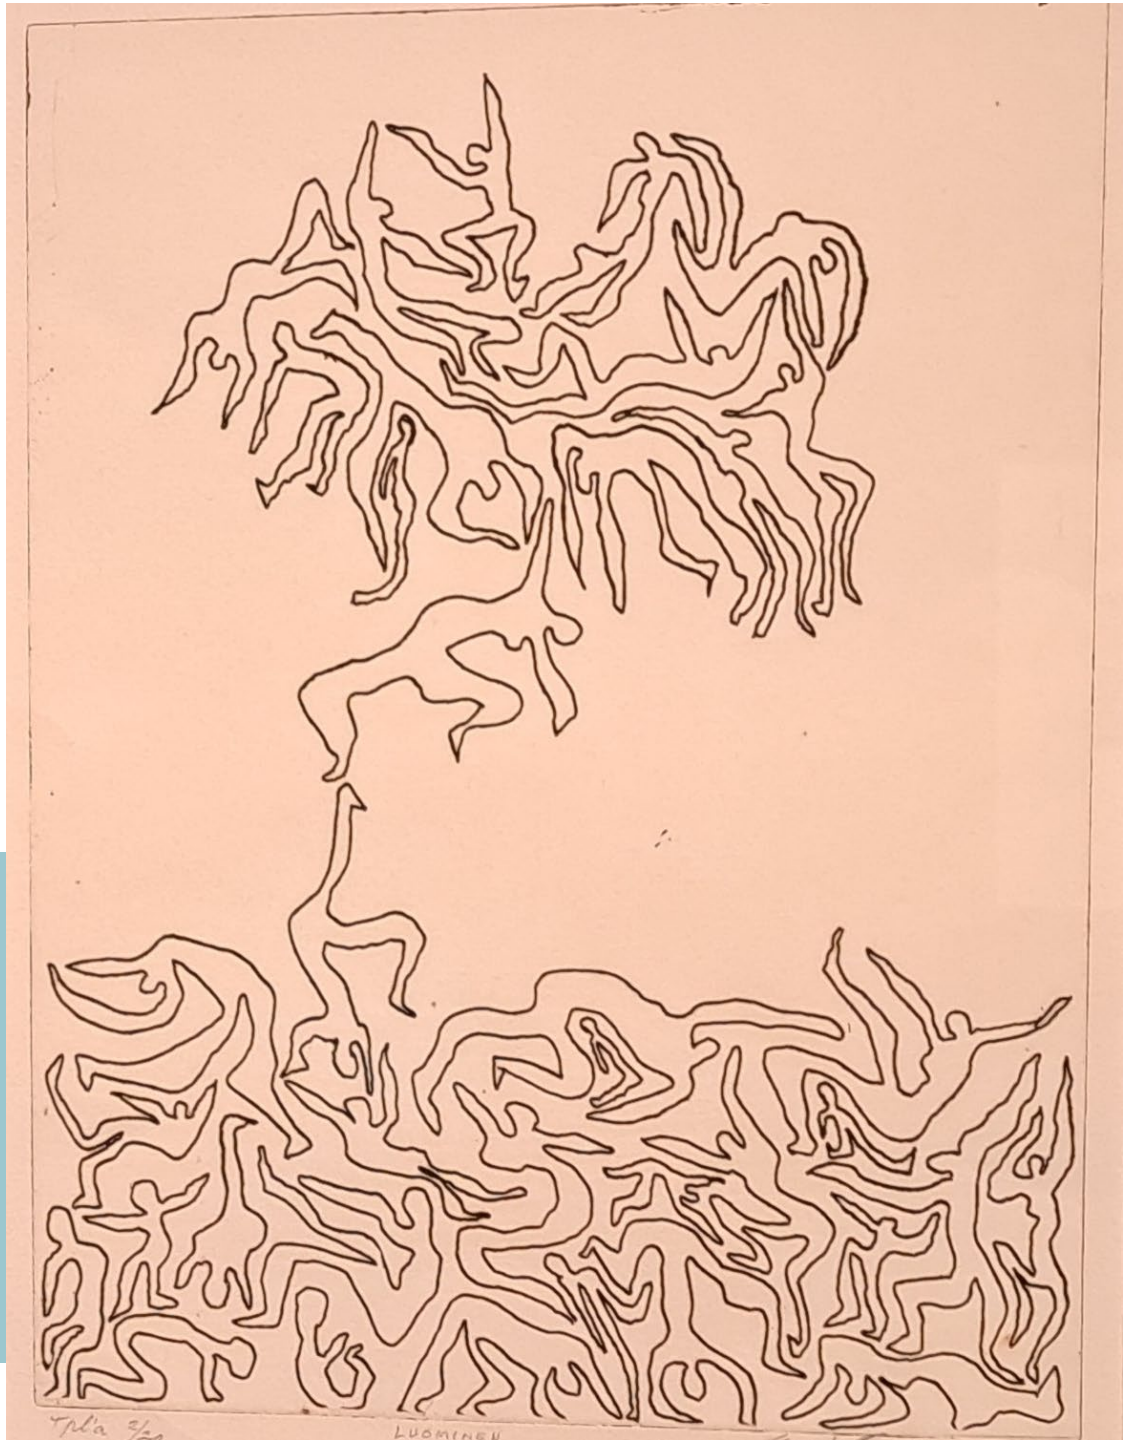

Everyday design from  
capital of design

„Population 5,5 million -  
Finland poor in mineral and  
has only people. We cannot  
allow even one to be in  
lost.”

(Words of the minister for education)

one of the courtyards

The maintainer provides everything for the development of creativity.

You can't study when you're hungry, so the maintainer provides a free healthy lunch. The community is capable of more than the individual and therefore provides community spaces.
